

Martechnic

Welcome to Martechnic and Kittiwake Hellas

We are a team of experts in shipbuilding, marine engineering and marine fuels and lubes, active the last 30 years in the largest and most demanding fleet worldwide; i.e. the Greek Shipping.

Our group is technically and commercially active in three distinct domains:

Marine Engineering
Ship Management and Operations
Marine Environmental Protection

Most of our products, services and integrated solutions are presented in our web site.

Last but not least, there is an extensive e-Documents library, with technical data sheets, legislation, white papers, technical data and tables, open for you to use.

Our sales and technical departments are highly responsive to our customer needs, delivering proven solutions at affordable cost.

More information is available using the menu on the left…
